

### Intent

*'We know that history matters, we know that it is thrilling, absorbing, fascinating, delightful and infuriating, that it is life'*-  
Stephen Fry

At St Andrew's we encourage our children to be inspired and curious about history, developing an understanding of Britain's past and that of the wider world. It is through the development of historical thinking that children understand the concept of change and appreciate a nation's sense of identity. We want children to have an understanding of the City they live in and its historic significance. Bath is famous for its hot springs, Roman period baths, Medieval heritage and stately Georgian architecture.

### We aim to Grow Historians who have:

- Knowledge and understanding of people, events, and contexts from a range of historical periods and of historical concepts and processes.
- The ability to think critically about history and communicate ideas very confidently in styles appropriate to a range of audiences. The ability to consistently support, evaluate and challenge their own and others' views using detailed, appropriate and accurate historical evidence derived from a range of sources.
- The ability to think, reflect, debate, discuss and evaluate the past, formulating and refining questions and lines of enquiry.
- A passion for history and an enthusiastic engagement in learning, which develops their sense of curiosity about the past and their understanding of how and why people interpret the past in different ways.
- A respect for historical evidence and the ability to make robust and critical use of it to support their explanations and judgments.
- A desire to embrace challenging activities, including opportunities to undertake high-quality research across a range of history topics.

### Implementation

Our children should be able to work creatively to organise their knowledge, skills and understanding around the following key concepts:

- **Investigate and interpret the past**
- **Build an overview of world history**
- **Understand chronology**

## St Andrew's Church School History Curriculum - Years 1-6

- **Communicate historically**

These key concepts underpin learning through each Key Stage. This enables pupils to reinforce and build upon prior learning, make connections and develop subject specific language.

The accumulation of knowledge and skills from Years 1 to 6 is mapped as follows:
