

Fun Science After School Programme at St Andrew's Primary Term 1 '22/23

In September, Fun Science will be coming to run our science after school club for an hour a week after school on a Friday. The programme is open to children in years 1-6.

There will be a mix of bubbling potions, mini explosions, science crafts, gross science and more! All of our sessions are hands-on and full of lots of fun experiments. Activities will be different to those done previously so children are welcome to sign up again.

The cost for the 6 week programme is £42.

**Friday** - Sessions weekly from **16<sup>th</sup> Sept – 21<sup>st</sup> October**.

The sessions will run for an hour after school and will be located in a room at the school.
