

Pupil/Parent Acceptable User Policy

The Internet offers both educational and social opportunities for our children. Whilst recognising the benefits we must also establish appropriate, effective, and safe use of the Internet. The Internet will be used within school to support children's learning both formally (within taught lessons) and informally (outside taught lessons), at the discretion of a member of staff who will set guidelines and rules for its use. Pupils will be taught to be critical and discriminating in their use of Internet sites and to maintain a balance between the use of technology and other activities.

Pupils will:

- only use the school ICT systems for those activities which they have been given permission to use and under the appropriate supervision of a member of staff.
- use the Internet within the school to support learning.
- be made aware of what cyber-bullying is and what to do if it happens.
- only use the usernames and passwords they have been given
- not download and use material or copy and paste content which is copyright or not covered by the school copyright licenses.
- not attempt to search for, view, upload or download any material that is likely to be unsuitable in a school or is blocked by the school's filter.
- inform a member of staff if they have accidentally accessed inappropriate content.
- use responsible and considerate language in communicating with others.
- be encouraged to maintain a balance between the use of ICT and other activities.
- be encouraged to discuss their use of the Internet and those sites that are age specific especially Social Network sites.
- be encouraged to talk with their parents or carers about the rules for the safe use of the Internet.
- be made aware that the school may investigate incidents that happen outside of school but could affect the school.

If you do not understand any part of this document, you should ask a member of staff for guidance. You should only give consent when you have read, understood, and have explained the importance of these rules to your child.

In Key Stage Two children will have their own version of this policy to read and sign and in Key Stage One children will have a class policy shared with them which they will write their name on. Children will only sign these after we have received your consent. If for any reason you require any further information, please talk to your child's class teacher.

All data is collected in line with our Privacy Notice and Data Protection Policy which can be found at [BWMAT Key Policies – BWMAT](#).

Consent can be withdrawn at any time by contacting the office enquiries@standrewsbath.bwmat.org
